Current situation of NPO development in China

- Still predominantly Government organized NGO (GONGOs), with small number emerging grassroots NGOs and social enterprises
- First batch of Grassroots NPO emerged in China around 1995
- Social enterprises and community services organization growing fast in 1st tier cities within these 5 years
- Since 2010, government start to provide funding support to selected grassroots NGOs

NPI Overview

Mission:

To advance social innovation and cultivate social entrepreneurs in China.

Vision :

All Chinese social entrepreneurs can flourish in an empowering environment with the systemic supports of favoring policy, full services and general public engagement.

Basic Facts:

- Established in Jan 2006
- Annual Budget: 24 Million RMB, with 150 full-time staffs
- A cluster of several intermediary agencies to support grassroots NPOs and social enterprises, mobilizing 200 Million RMB and managing 60,000 square meters of facilities for NGO and Social Enterprises
- operating in more than 10 cities (Shanghai, Beijing, Tianjin, Suzhou, Chengdu, Nanjing, Dongguan, Zhuhai and Suzhou etc.)

NPI was chosen as “National Outstanding Social Organization” by Ministry of Civil Affairs of PRC in 2010, and evaluated as 5A grade NPO by Shanghai Administration Bureau of NPOs in 2009.

According to the life cycle of NPOs, responding to their various needs under different development stage, NPI provide systematic supports
